---

Reaching the Un-Reached

# Boots On The Ground Perspective

Transportation in the Miskito interior región is cost prohibitive. Something Elder Folkenberg experienced while he served just outside the Miskito región.

Therefore the following distribution is the recommendation from our 3AM liaison in Honduras, Pastor Juan Carlos.

Church built by Pr. Robert Folkenberg while he served  
As president of the Honduran Conference

## Districts

1. Kaukira (main district)
  - With more than 5 congregations
  - A pastor with experience is needed for these congregations
2. Puerto Lempira (biggest Community in the whole Miskito region)
3. Ahuas
4. Palacios
5. Brus Laguna
  - Is the second largest community but without a single Adventist member.

# It would look moreless like this:

District	Pastor/Bibleworker	# of communities	Distance to cover	Salary	House/transportation
Kaukira	(a new pastor is required) <b>This pastor is being paid by the Conference and the new one will also remain under the Conference's obligation</b>	5	50 miles (land, ocean and river) in motorcycle and boat	\$500	\$150 Transportation only There is a pastoral house
Puerto Lempira	To be determined	3	25 miles (land) in motorcycle	\$500	\$150 Transportation and house
Ahuas	3AM Bible Worker in place	5	20 miles (land) in motorcycle	\$500	\$100 Transportation only There is a pastoral house
Brus Laguna	3AM Bible Worker in place	1	5 miles (land) in motorcycle	\$450	\$100 Mostly for housing
Palacios	3AM Bible Worker in place	5	50 miles (land and ocean) in motorcycle and boat	\$500	\$150 Transportation and house

# Hiring of a pastor for the Miskito

---

## Considerations:

- ✓ We don't have a miskito pastor in the whole country
- ✓ We are proposing a miskito student to be sponsored by 3AM and also subsidised by the Honduran Union in order to complete his theological formation in UNADECA (Adventist University in Costa Rica)
- ✓ This pastor would begin his service in four years as soon as finishes college.
- ✓ Meanwhile, and as key part of this Project, we are asking 3AM to support financing three bible workers that would be at the same time serving as lay pastors in theirs assigned location.

# Final Suggestions (for now)

---

- ✓ All the Bible workers will be needing a motorcycle to save time and money. It's the cheapest and fastest way to reach to most of their churches. A brand new and decent motorcycle in Honduras is estimated \$1,500
- ✓ As I mention before, The Union is willing to help in certain way with the theology student.
- ✓ There is a 50% possibility of having someone helping to cover the salary of one of the Bible workers (or at least part of his salary)
- ✓ Two centers of influence are really needed in the region.

# Update Q1 2026 effective immediately

---

- 3 Bible workers have been sponsored by 3AM (\$500+ monthly each)
- Remote Areas these are stationed are: Palacios, Brus Laguna & Ahuas
- 3 motorbikes authorized to be purchased and shipped.
- Cell phones purchased to allow training and oversight.
- Currently Godpods aka MP3s are being developed to be distributed around this interior. At least 11 are needed for 11 communities.
- 3AM aims to replicate in the jungles of Honduras what we are doing in Uganda--from food, to literacy programs to training folks with various useful skills—Our goal is to Empower God's People!

The logo features the text "Three Angels' Messengers" in a large, bold, black, distressed font. The word "Three" is on the first line, "Angels'" is on the second line, and "Messengers" is on the third line, which is slightly lower and has a decorative underline. The background is a white gradient with yellow and orange horizontal stripes and a yellow-to-white diagonal gradient. A black curved line starts from the bottom left, goes up and over the "A" in "Angels'", then down and over the "e" in "Messengers".
